

Strolling of the Heifers

Strolling of the Heifers

Windham Grows is a business hatchery designed to strengthen the food and agriculture sector by developing the most promising business opportunities in Windham County. In a systematic approach, it will seek out, evaluate, and provide development support for selected entrepreneurs in small cohorts emphasizing quality, innovation and efficiency of resources. Led by an entrepreneur-in-residence, Windham Grows will provide participants with an individualized business support package including mentoring, in-kind resources, physical space, educational experience and technical expertise to develop their business from startup to scale-up. Windham Grows will be a robust job creation engine for the food and agriculture sector. By bringing to market the most promising businesses, the hatchery provides a comprehensive and effective strategy to build innovative businesses that will create jobs, raise wages and provide new career opportunities for young talent.

Total Working Lands Grant— \$40,000 for the Windham Grows Business Hatchery
