

VERMONT WORKING LANDS ENTERPRISE INITIATIVE

University of Vermont Extension Center for Sustainable Agriculture

Burlington, VT

Center for
Sustainable
Agriculture

The Center for Sustainable Agriculture advances sustainable food and farming systems in Vermont and beyond. We cultivate partnership, support innovative research and practices, and inform policy to benefit Vermont communities and the UVM campus.

Working Lands funds will be used to help new Americans establish market presence with a comprehensive market survey, farmer-buyer meetings, marketing education, and educational resources for buyers and farmers

Total Working Lands Grant: \$21,049

Total Matching Funds: \$19,300
