

# Vermont Refrigerated Storage

Shoreham, VT

Vermont Refrigerated Storage is a family-owned 76,000 square foot storage facility in Shoreham, Vermont. Via refrigerated and Controlled Atmosphere (CA) storage, VRS stores up to 220,000 bushels of apples per year for 7 – 12 different orchards, based in Vermont and New York. VRS also provides refrigeration and freezers for a variety of other companies.

VRS will build a 300-pallet frozen storage room and will offer frozen storage to local farms, food distributors/hubs/aggregators, and processors. VRS will be a full service aggregation point for startup, small, and mid-sized producers, providing frozen, refrigerated, and dry storage, as well as connections to distributors who cover the greater VT area, Boston, and NYC.

Total Working Lands Grant—\$43,369.00
