I. PROGRAM OVERVIEW AND FUNDING ELIGIBILITY

PROGRAM PURPOSE

Approximately 20% of Vermont's working landscape is used for agricultural purposes, and 75% is forested. Vermont prospers and its unique sense of place thrives, in large part, because of intelligent investments in the people and enterprises that comprise its farm, food, and forest-based systems. Strong community engagement and support for the farm and forest sectors leads to enhanced quality of life for Vermont citizens and working lands business owners.

The mission of the Working Lands Enterprise Initiative is to grow the economies, cultures, and communities of Vermont's working landscape. The Working Lands Enterprise Board (WLEB) achieves this by making essential, catalytic investments in critical leverage points of the Vermont farm and forest economy and facilitating policy development to optimize the agricultural and forest use of Vermont lands. [The Working Lands Enterprise Initiative, Act 142](#), created the Working Lands Enterprise Fund (WLEF) and the WLEB. The WLEB is made up of private sector members throughout the supply chains of agriculture and forestry, and staff from the Vermont Agency of Agriculture, Food, and Markets; Vermont Department of Forests, Parks & Recreation; Vermont Agency of Commerce and Community Development; Vermont Housing & Conservation Board; Vermont Economic Development Authority; and Vermont Sustainable Jobs Fund.

HISTORY OF SUCCESS TO DATE

Since its formation in August 2012, the WLEB has awarded over \$7 million in grant funds to 250 grantees, leveraging more than \$11 million in matching funds. For a list of previously funded projects, visit <https://workinglands.vermont.gov/history-initiative/funded-projects>.

III. APPLICATION REVIEW AND SCORING

APPLICATION REVIEW

Working Lands Business Grant funds will be awarded to projects benefitting agriculture and forest-based businesses through a competitive review process. A committee of Working Lands Enterprise Board members, state agency staff, and industry stakeholders will review submitted applications and make funding recommendations to the full Working Lands Enterprise Board (WLEB). The WLEB will make final decisions for official approval of awarded projects. Applicants will be notified by email of application approval or denial in January of 2022. Unsuccessful applicants will receive feedback on their application from the Working Lands Enterprise Board.

- A certificate of insurance consistent with the requirements set forth in [Attachment C](#) of the grant agreement (not required if grantee already has a current certificate of insurance on file with VAAFAM)

GRANTEE PAYMENT SCHEDULE

Working Lands Business Grant payments are made on a reimbursement basis, after costs have been incurred, and require documentation of project expenditures (e.g., receipts, paid invoices) to substantiate the total dollar amount of each claim for payment. Grant funds must be matched at a 100% (one-to-one) rate of cash or in-kind services, in accordance with the grant budget.

After grant agreements are fully executed, i.e., have been approved and signed by all parties, Working Lands Grant funds are typically disbursed according to the following schedule:

- Up to 40% of the grant award following receipt and approval of an initial claim for payment via WebGrants containing documentation of expenditures to date for which reimbursement is requested
- Up to an additional 40% of the grant award (80% total) at the mid-point of the project, pending completion and approval of the Interim Report and a second claim containing documentation of project expenditures to date for the requested reimbursement AND matching expenses at one-to-one ratio
- Final 20% (or other remaining amount) of the grant award, pending receipt and approval of the Final Report demonstrating completion of project deliverables and satisfactory achievement of measurable project outcomes, and a final claim, including documentation of project expenses, both claimed and matching

REPORTING REQUIREMENTS

Prior to receipt of the second and third grant payments, respectively, grant recipients must complete interim and final status reports in WebGrants. Reports will include a narrative of project accomplishments to date, progress on meeting expected goals and outcomes, and high-resolution digital photos in jpg format that demonstrate project work. Final reports will require data regarding project-related changes in sales, product output, employment, and acreage in active production. Grantees must also complete an Annual Survey one year following and two years following the grant end date. Grantees will be expected to collaborate with VAAFM staff to measure the impact of their project on their business or organization to promote optimal stewardship of state-awarded funds.

Grantees must be willing to share project details, including successes and challenges, with the public, the WLEB, and the media, which illustrate how the grant is impacting Vermont's working lands economies. This may occur through legislative briefings, media inquiries, press events on location, and/or site visits from VAAFM staff, WLEB members, and/or their stakeholder partners.
