(802) 636-7016

Vermont Agency of Agriculture, Food and Markets (VAAF) staff are available to provide assistance during State of Vermont business hours, Monday - Friday, 7:45 AM to 4:30 PM. Assistance may not be available shortly before deadlines.

I. PROGRAM OVERVIEW AND FUNDING ELIGIBILITY

PROGRAM PURPOSE

Approximately 20% of Vermont's working landscape is used for agricultural purposes and 75% is forested. Vermont prospers and its unique sense of place thrives, in large part, because of intelligent investments in the people and enterprises that comprise its farm, food, and forest-based systems. Strong community engagement and support for the farm and forest sectors leads to enhanced quality of life for Vermont citizens and working lands business owners.

The mission of the Working Lands Enterprise Initiative is to grow the economies, cultures, and communities of Vermont's working landscape. The Working Lands Enterprise Board (WLEB) achieves this by making essential, catalytic investments in critical leverage points of the Vermont farm and forest economy and facilitating policy development to optimize the agricultural and forest use of Vermont lands. [The Working Lands Enterprise Initiative, Act 142](#), created the Working Lands Enterprise Fund (WLEF) and the WLEB. The WLEB is made up of private sector members throughout the supply chains of agriculture and forestry, and staff from the Vermont Agency of Agriculture, Food, and Markets, Vermont Department of Forests, Parks & Recreation, Vermont Agency of Commerce and Community Development, Vermont Housing & Conservation Board, Vermont Economic Development Authority, and Vermont Sustainable Jobs Fund.

HISTORY OF SUCCESS TO DATE

Since its formation in August 2012, the Working Lands Enterprise Board has awarded over \$7 million in grant funds to 241 grantees, leveraging more than \$11 million in matching funds. For a list of previously funded projects, visit <https://workinglands.vermont.gov/history-initiative/funded-projects>.

ELIGIBILITY

ELIGIBLE APPLICANTS

Business Grant applicants must be based in Vermont and registered with the Secretary of State at the time of application submission. All business ownership structures are eligible (e.g., Partnerships, Limited Liability Corporations, Sole Proprietorships, Cooperatives, Corporations, S Corporations, L3Cs, and/or non-profits that are involved in the production of agriculture and/or forest products). Applicants must be in compliance with all state regulations (i.e., water quality, taxes, child support) and in good standing with the State of Vermont at the time of submitting an application and must remain so during the entire grant period.

SECTION II: GRANT MANAGEMENT AND REPORTING

Previous recipients of Working Lands Business Grants in the amount of \$20,000 or less are eligible to re-apply for funding during Fiscal Year 2021. Previous recipients of Working Lands grants for more than \$20,000 are not eligible to apply for further Working Lands funding until three years after the start date of their previous grant (i.e., FY17 and earlier grantees are eligible to apply this year). Applicants who have received Working Lands grants in the past will be asked to measure and report on the results of previously funded projects and demonstrate how continued funding will be used to grow or improve their operation. The WLEB will not fund water quality or soil health equipment and infrastructure that are eligible for funding under existing programs and funding sources.

ELIGIBLE PROJECTS

Project activities under these grants will demonstrate how the market or product the applicant is developing or expanding will positively impact multiple businesses within its own supply chain. Characteristics may include:

- Infrastructure improvements that support increased production, processing, and/or distribution of a commodity or value-added product(s), thus benefiting the applicant and additional enterprises;
- Leveraging supply chain partnerships to reach new or larger markets, e.g. via product aggregation, co-branding/brand development, vertical or horizontal efficiencies, including website design or upgrades, institutional and wholesale market expansion, costs associated with achieving humane and/or organic certification;
- Business diversification, product development, and new or expansion of current efforts; expanding consumer outreach and/or expansion of existing marketing strategy; establishing multi-year marketing plan and growth strategy of the industry represented, including intent to sell goods out of Vermont;
- Research and development, and/or testing new systems or technologies; developing innovative solutions to production or management issues including accounting, tracking, and/or sales software (e.g., e-commerce, home delivery, curbside pick-up, block chain technologies).

FUNDING OPPORTUNITY DETAILS

FUNDING PRIORITIES:

For the Fiscal Year 2021 grant cycle, the Working Lands Enterprise Board plans to fund Supply Chain Impact Business Grants in a range of \$25,000-\$75,000 per award. Commitment and/or support for both supply of raw materials and demand for project output are necessary for the application to be competitive for these limited funds. This includes specification of the role(s) that partner/stakeholder(s) will play in the proposed project, any financial or in-kind support they will provide (if applicable), and demonstration of other specific contributions they will make to ensure the project's success. Projects prioritized for funding will include:

1. **Production and Processing in Agriculture** – Enhancing production of value-added agriculture or forest-based products and/or manufacturing efficiencies; transitioning to operation as a new processor or expansion as an existing processor; addressing known bottlenecks along the supply chain, such as meat processing and slaughter capacity
2. **Low Grade Wood Equipment** – Producing, screening, weighing, and/or packaging wood fuel products (firewood, pellets, or chips) for heating; kiln or flow-through dryers; increasing commercial sawmill throughput or efficiency

SECTION II: GRANT MANAGEMENT AND REPORTING

Example of a Supply Chain Impact project: A potato farm enterprise requests funds to invest in equipment and infrastructure which will significantly increase and improve their own through put. The equipment will be leased at a low cost to six other farm enterprises who have two processors looking to procure their vegetables. The potato farm has also committed product to a neighboring farm looking to add potatoes to their community-supported agriculture (CSA) share options for curbside pick-up. When the project is successfully implemented, products will be distributed to multiple types of players along the supply chain (retailers, restaurants, and schools). Collectively, the ten businesses sell products to dozens of businesses in Vermont, contributing to their collective financial viability and sustainability.

Example of a non-Supply Chain Impact project: A potato farm enterprise requests funds to invest in infrastructure which will significantly increase and improve their own throughput. The potato farm is hoping to supply a neighboring farm with products for their curbside pick-up program within 18 months of receiving funding.

PROJECT LENGTH

Supply Chain Impact Business Grant projects will be 24 months in duration.

FUNDING SOURCE

Grants are funded through a State of Vermont legislative appropriation, with additional philanthropic contributions.

II. GRANT MANAGEMENT AND REPORTING

Prior to receiving funding, successful applicants must sign a grant agreement with the Vermont Agency of Agriculture, Food & Markets (VAAFAM) indicating their intent to complete the proposed project and authorizing VAAFAM to monitor progress. The grant agreement will include provisions (terms and conditions) set by the State of Vermont as well as any program-specific requirements. Review [Attachment C - Standard State Provisions for Contracts and Grants](#) (revised 12/15/2017) at bgs.vermont.gov/purchasing-contracting/forms for the most recent State of Vermont grant provisions.

Prior to commencement of work and release of any payments, grantees must submit:

- A current [IRS Form W-9](#) (Request for Taxpayer Identification Number and Certification), signed within the past six months (not required if organization is a previous State of Vermont grant recipient);
- A certificate of insurance consistent with the requirements set forth in [Attachment C](#) of the grant agreement (not required if grantee already has a current certificate of insurance on file with VAAFAM);
- A completed Water Quality Good Standing form, found at https://finance.vermont.gov/sites/finance/files/documents/Forms/Grant_Recipients/FIN-Act154_Cert.pdf;
- Documentation that verifies pledged matching funds, as applicable.

SECTION II: GRANT MANAGEMENT AND REPORTING

GRANTEE PAYMENT SCHEDULE

Working Lands Business Grant payments are made on a reimbursement basis, after costs have been incurred, and require documentation of project expenditures (e.g., receipts, paid invoices) to substantiate the total dollar amount of each claim for payment. Grant funds must be matched at a 100% (one-to-one) rate of cash and/or in-kind services, in accordance with the grant budget.

After grant agreements are fully executed, i.e., have been approved and signed by all parties, Working Lands Grant funds are typically disbursed according to the following schedule:

- Up to 40% of the grant award following receipt and approval of an initial claim for payment via WebGrants containing documentation of expenditures for which reimbursement is requested;
- Up to an additional 40% of the grant award (80% total) at the mid-point of the project, pending completion and approval of the Interim Report and a second claim containing documentation of project expenditures to date for the requested reimbursement AND matching expenses at one-to-one ratio;
- Final 20% (or other remaining amount) of the grant award, pending receipt and approval of the Final Report demonstrating completion of project deliverables and satisfactory achievement of measurable project outcomes, and a final claim, including documentation of project expenses, both claimed and matching.

REPORTING REQUIREMENTS

Prior to receipt of the second and third grant payments, respectively, grant recipients must complete Interim and Final status reports in WebGrants. Reporting questions will include:

What was completed/achieved?

- Summary of activities performed
- Major project milestones/achievements
- Description of collaboration with other organizations/across supply chain
- Description of product development and output
- Description of product sales, sales channels, marketing and outreach efforts, pricing strategies, etc.
- Copies of all outlines, reports, charts, drawings, photographs, digital imagery, presentations, or similar items produced and/or developed as a result of Working Lands Enterprise Grant funding
- If online resources have been developed, a list of web pages and corresponding URLs
- A minimum of eight high-resolution digital images documenting project work

How well were goals achieved?

- Extent to which intended outcomes were achieved
- Technical or business assistance received; professional development opportunities attended
- Production and/or management efficiencies developed through use of new equipment or technology
- Staff productivity, attrition, and retention
- Lessons learned throughout project work

How are your business, the supply chain or overall industry, and Vermont's working lands better off as a result of your project?

- Impact of project on other working lands businesses along the supply chain/within the sector

SECTION III: APPLICATION PROCESS AND CONTENT

- Impact of technical assistance received on business development and operations
- Impact of new technology developed/used
- Resulting changes in:
 - Gross sales
 - Net operating income; profit margin
 - Employment – Full Time Equivalent Positions (FTE's)
 - Total staff wages
 - Acreage in active production
 - Capital improvements
 - Outside capital leveraged

Grantees must also complete an Annual Survey one year following and two years following the grant end date. Grantees will be expected to collaborate with VAAF staff to measure the impact of their project on their business/organization, partners, and the supply chain to promote optimal stewardship of state-awarded funds.

Grantees must be willing to share project details, including successes and challenges, with the public, the WLEB, and the media, which illustrate how the grant is impacting Vermont's working lands economies. This may occur through media inquiries, press events on location, and/or site visits from VAAF staff, WLEB members, and/or their stakeholder partners.

III. APPLICATION PROCESS AND CONTENT

HOW TO APPLY

Full applications are accessed, edited, and submitted as a continuation of your pre-application in the online grants management system, WebGrants, at agriculturegrants.vermont.gov (if typing the URL, do not use "www"). Applications may be started in WebGrants beginning at noon on **Friday, February 5th, 2021** and may remain in editing mode until submission no later than **Sunday, February 28th, 2021 at 11:59 PM**. After this time, WebGrants will prevent applications from being submitted. Late applications will not be accepted.

Applications will be accepted only through the online grants management system, WebGrants, at agriculturegrants.vermont.gov. Paper applications will not be accepted. However, to save time and reduce opportunities for technological issues, you may wish to compose your responses in a word processing document, then copy/paste them into WebGrants when complete.

To access the full application, log in to WebGrants using your existing account information (do not register again), click the "**Funding Opportunities**" page and then select "**FY21 Working Lands Supply Chain Impact Business Grants**". Next to your application name, select "**Apply Final**".

You will then be directed to the full application forms, where you may edit, save, and re-edit your information until the time of submission. Do not create a duplicate application. After successfully submitting your application, you will receive a confirmation email with the Application ID number.

SECTION III: APPLICATION PROCESS AND CONTENT

****Do Not Respond to This Email****

The following Application has been submitted:

Number: 25320

Name: Test

Program Area: Working Lands Enterprise Fund

Grantee Organization: Vermont Agency of Agriculture, Food and Markets

Grantee: Vermont Tester1

You may now log into the WebGrants system at the following location:

<https://agriculturegrants.vermont.gov/>

For full technical instructions on submitting an application, please visit the Agency of Agriculture, Food and Markets website at <https://agriculture.vermont.gov/resources-grant-recipients> and click the “How to Apply for a Grant in WebGrants” link toward the bottom of the page.

Agency of Agriculture, Food and Markets staff are available to provide assistance during State of Vermont business hours, Monday - Friday, 7:45 AM to 4:30 PM. Please read the complete application guide at <https://agriculture.vermont.gov/grants/howtoapply> before requesting support. Please plan ahead, as assistance may not be available shortly before deadlines.

Applicants will be contacted by email in late **April 2021** regarding the acceptance or denial of their application based on review and scoring criteria (see Section IV. Application Review and Scoring).

APPLICATION QUESTIONS

Note: An asterisk(*) denotes additions/changes between pre-application and full application questions

A. Applicant Information

- Organization Name
- Type of Legal Entity (e.g. sole proprietorship, LLC, cooperative, 501(c)(3), etc.)
- Contact Name
- Title
- Phone Number
- Email
- Physical Address
- County
- How did you learn about this grant opportunity?
- Demonstration of applicant compliance with state regulations and good standing with the State of Vermont – e-signature and date
- Interest in receiving Working Lands related e-news/events/funding opportunity updates by email (Yes/No)
- Willingness to share contact information with other state and federal funders (Yes/No)

B. Applicant Information

- Organization Name
- Type of Legal Entity (e.g. sole proprietorship, LLC, cooperative, 501(c)(3), etc.)
- Contact Name
- Title
- Phone Number
- Email
- Physical Address
- County
- How did you learn about this grant opportunity?
- Demonstration of applicant compliance with state regulations and good standing with the State of Vermont – e-signature and date
- Interest in receiving Working Lands related e-news/events/funding opportunity updates by email (Yes/No)
- Willingness to share contact information with other state and federal funders (Yes/No)

C. Project Information

- Project Title
- Business Grant Type Requested:
 - Supply Chain Impact (\$25,000-\$75,000)
- Working Lands Funds Requested (\$)
- Matching Funds Committed (\$) **Please note: must be a minimum of 100% of the amount of funds requested*
- Have you received grants for this specific project (not as an organization), in the past five years?
 - Please list grants received
- Are you a previous Working Lands Grantee?
 - If so: In what year? What was the grant amount?
- Please list other grants you are applying for in conjunction with this grant. *If none, please enter N/A*
- **Project Summary** (*2000 character limit – *increased from 1000 in pre-application*): Provide a brief overview of your project, including how requested and matching funds will be used. Explain why your project is being proposed and what makes it timely and important. Please include information on how other enterprises will be involved and/or benefit from the project.

D. Organization Information

- **Business Description** (1500 character limit): Describe the business in terms of size (gross sales, number of employees, production volume), markets, and number of years in business.
- ***Organization Description** (2000 character limit): Describe your organization overall, including relevant experience and successes. Describe the core team of individuals who will be involved in the project and their expertise that will contribute to project success.
 - ***Resume upload** – Upload a resume in PDF format for the owner of the business. If the individual managing the grant project will be different than the business owner, please upload a separate resume for the project manager.
- ***Has this organization been in operation for more than two years? If not, how many years of organizational management experience is held by those in leading staff position(s)?**
- ***Describe the relationship and expertise of any partner organizations expected to participate in the project.**
- ***Please list any memberships in associations/trade organizations.**
- ***Business Plan:** Attach a copy of your current business plan. If your proposed project is not already a component of your business plan, please provide a cover letter documenting how the proposed project complements your plan. For those who do not currently have a business plan, please click [HERE](#) to view a Business Plan Template.

SECTION III: APPLICATION PROCESS AND CONTENT

- Business Plan Completion Date
- ***Business Viability** (2000 character limit): Describe your efforts to build financial viability and promote overall business sustainability beyond the grant period.

E. Financial Information (*2000 character limit – *increased from 1500 in pre-application*): Provide an explanation of why Working Lands Business Grant funds are needed, and how the project would or would not move forward without these funds. *Be specific and describe efforts to fund this project with other sources and why those efforts have not been sufficient.

- *Select all/any that apply:
 - Without this grant, this project wouldn't happen
 - Without this grant, an urgent window of opportunity would be missed
 - Without this grant, the project would have a lower probability of success
 - Without this grant, this project would happen in a less desirable fashion
 - This project would possibly happen without funds
- *Do you have an accounting system, such as QuickBooks or a formatted Excel spreadsheet, to track grant project expenses? If not, do you plan to obtain such a system?
- *Do you have a system in place to track employee time associated with this grant – both time paid by the grant and in-kind time used for matching purposes?
- *Have you received a grant from the State of Vermont or from the Federal government in the past?
 - If so, were these grants successfully completed? If not, please indicate why.
 - If your previous funding includes a Working Lands grant, please indicate specific outcomes achieved for clients through your past project (1800 character limit).
 - Please provide any additional comments on your previous State of Vermont and/or Federal government grants (optional).

F. Project Outcomes and Impact

- **Business Impact** (1500 character limit): Describe the intended outcomes of your project (e.g., change in production, sales, marketing, staff positions, business growth, etc.).
- **Supply Chain Impact** (*2000 character limit – *increased from 1000 in pre-application*): Please identify the intended impact of your project on the supply chain within the industry. *Please reference other working lands business involved and how they will benefit.
- ***Goals and Expected Measurable Outcomes**: Complete the matrix identifying the intended goals and measurable outcomes of the proposed project (a minimum of

SECTION III: APPLICATION PROCESS AND CONTENT

three, and not more than five).

Each goal must have a corresponding expected measurable outcome. Outcomes must be discrete and attainable within the 24-month period of the grant (ending in approximately April/May 2023). Applicants are encouraged to include at least two of the Working Lands Results-based Accountability outcomes (increased income, jobs, product output, and/or acres in active use). Other goals may relate to sales, new markets accessed (specify institutional or wholesale accounts, if applicable), etc.

Example: 10% decrease in meat processing costs and 20% decrease in meat processing time.

Note: All outcomes must be quantitative and measurable. Please refer to a document with example goals and outcomes at: <http://workinglands.vermont.gov/apply/ta/writing>

At least one outcome should quantify supply chain impact by stating how many working lands businesses will benefit, what types of businesses they are, and/or how they will benefit (e.g. quantities of product purchased).

Goals	Expected Outcomes

*Projected Impact on Product Output

- What units of measurement are used by your business for product output (e.g., jars, cases, pounds, cords, board feet)?
- What is the current annual product output of your business, i.e., number of units produced?
- Will this project result in increased product output for your business?
 - If so, by how much is product output anticipated to increase (in percent)?
 - What percentage of the predicted additional output does your business already have a market or purchasing commitments for? *Upload any relevant letters of commitment in the "Attachments" section of the Budget and Narrative application form.*
- If processing working lands commodities (crops, forest products, milk, etc.), how many units of those commodities will you be producing, and how many will be

SECTION III: APPLICATION PROCESS AND CONTENT

supplied by other producers? *Upload letters of commitment that confirm supplier capability to deliver raw commodities in the “Attachments” section of the Budget and Narrative application form.*

*Projected Impact on Sales

- Will this project result in increased gross sales for your business?
 - If so, by how much are sales anticipated to increase (in aggregate dollars)?
- If applicable, what is the price for raw materials purchased from your supplier?
- If applicable, please list the wholesale cost per unit and the intended suggested retail price (SRP).

*Projected Impact on Employment

- Will this project result in increased employment within your business?
- If so, by how many anticipated Full Time Equivalent (FTE) jobs will employment increase?

*Projected Impact on Acreage in Production

- Within your business, what is the current total acreage in production?
- Will this project result in increased acreage in active production? If so, how many new acres will be used?

G. *Marketing Plan (2000 characters limit): Describe how this project’s marketing strategy or plan relates to the overall business plan. If this project will increase production, how will this impact the marketing and sales strategy? How will pricing and branding increase revenues?

H. Budget and Narrative: Provide a detailed budget, including Working Lands funds requested and other funding sources supporting the project as matching funds. Costs incurred prior to the signing of the grant agreement are not eligible.

Matching funds should equal at least 100% of the Working Lands Enterprise funds requested and may be comprised of either cash or in-kind sources. Match sources must be identified by the time of application submission and in place by the time of grant agreement signing (estimated January 2020).

- Examples of **cash match** include funds in the bank, third party funds, and applicant labor directly associated with the proposed project
- Examples of **in-kind match** include goods or services provided during the grant period for which no expenditure is made (e.g. contractors, consultants, or equipment provided pro bono, volunteer labor, and/or donated supplies that are not part of the normal cost of doing business)
- **Indirect costs** (i.e. facilities/administrative costs) are allowed for up to 10% of requested Working Lands Grant funds. Additional indirect costs may be used as match.

Example:

SECTION III: APPLICATION PROCESS AND CONTENT

$\$20,000$ Working Lands grant request $\times 10\% = \$2,000$ (up to $\$2,000$ could be indirect costs)
 $\$20,000 \times 1 = \$20,000$ minimum cash or in-kind match (could include additional indirect costs)
 $\$20,000 + \$20,000 = \$40,000$ total project cost (grant request + match amount)

Under limited circumstances, and specifically with the funds targeting dairy farms, match requirements may be reduced or waived for projects that can justify the need for a reduced match. Waiver requests must outline the impact of the project and indicate if the project benefits an underserved sector of the working lands economy. For consideration, waiver requests must be outlined in the budget narrative.

Budget Template: Enter each line item of your budget into the appropriate field. Your budget should include any other funding sources supporting the proposed project and a match totaling 100% of Working Lands funds requested.

Expense Category	Working Lands Request	Applicant Contribution		Match Source	Details/Purpose	Total
		Cash	In-Kind			
Salaries/Wages (Personnel)						
Benefits						
Travel						
Machinery/Equipment						
Supplies						
Contractual						
Other Direct Costs						
Indirect Costs						
TOTAL						

Budget Narrative (1000 character limit for each question):

- Describe how Working Lands Business Grant funds will be used to support your project.
- Provide source(s) for all matching funds and your timeline/plan for securing these commitments.
 - If a match waiver is requested, provide justification here. **Note:** If this applies to you, the numbers in your budget table above should reflect your intended match amount in consideration of the match waiver or reduction request.
- *Describe if/how this project will strengthen your relationship with existing and prospective funders and funding sources.

IV. APPLICATION REVIEW AND SCORING

APPLICATION REVIEW

Working Lands Business Grant funds will be awarded to projects benefitting agriculture and forest-based businesses through a competitive review process. A committee of Working Lands Enterprise Board members, state agency staff, and industry stakeholders will review submitted applications and make funding recommendations to the full Working Lands Enterprise Board (WLEB). The WLEB will make final decisions for official approval of awarded projects. Applicants will be notified by email of application approval or denial in early March of 2021. Unsuccessful applicants will receive feedback on their application from the Working Lands Enterprise Board.

APPLICATION SCORING

Criteria that will inform scoring of application quality are as follows:

Supply Chain Impact: The proposed project meets the definition of supply chain impact and demonstrates those impacts.

Quality of Proposal and Management Team: The proposal is comprehensible and clear, and the proposed project fits within the eligibility criteria outlined in the Request for Applications. The management team demonstrates previous experience in the sector necessary to conduct the proposed activities.

Collaboration: The project is collaborative among enterprises to maximize the benefits among the working landscape as demonstrated in both the application narrative and letters of commitment/support.

Innovation: The business model surrounding a product, service, or process is perceived as creative, new, and/or responsive to current gaps and needs. The proposed project demonstrates new ideas or business models which may include but are not limited to showing a new solution to an old problem, creating a new product or crop, commercializing a researched product or process.

Business Viability: The business demonstrates the characteristics of a viable business (solid financial management system, diverse markets, partnerships, strong internal business management and skill set within leadership, etc.)

***Business Plan:** The business plan is complete, well-conceived, and illustrates that a grant to the business would be a good use of State funds. The project as described is justified by the business plan and will help the business meet its future goals.

Financial Need: The applicant demonstrates a clear need for services from working lands businesses and a clear need for Working Lands Enterprise funding. *The applicant has sought other sources of funding, and the project cannot be fully funded through other sources. If Working Lands funds are not received, this project will happen with a lower probability of success or would not happen, and/or an urgent window of opportunity would be missed.

SECTION IV: APPLICATION REVIEW AND SCORING

Outcomes/Impact: The applicant demonstrates how the business will enhance Vermont’s working landscape, with performance outcomes that may include job creation and retention; increased sales; increased product output; increased and/or retained acres in active forestry or agricultural use.

Goals and Expected Measurable Outcomes: Proposed goals and outcomes are relevant to the project, are explained clearly in the proposal, are significant according to scale of the business, and are realistically achievable within the project period of 24 months.

***Local Sourcing/Production:** Applicant proposes creating products and/or using raw materials produced within the State of Vermont. Applications with projects that utilize raw materials agriculturally produced out of the State of Vermont will be less competitive.

* Letters of commitment and/or support for both supply of raw materials and demand for project output are necessary for the application to be competitive for these limited funds.

Letters of commitment demonstrate the project partners’ involvement and identify the specific contributions they will make to ensure the project’s success. Content could include:

- Description of previous collaboration with applicant;
- The role the partner/stakeholder will play in the proposed project;
- Financial support they will contribute (if applicable); and
- Type and value of any in-kind support they will provide – labor, facility space, equipment.
- Estimated # of units to be supplied/purchased from applicant

Letters of support articulate general support for the grant request. Support letters reference involvement with applicant and/or the community and/or explain how the funding will help address a need or solve a problem. Content could include:

- Description of services or individuals that benefited from applicants work;
- Expression of interest in how the funding will benefit the community.

Budget: Applicant has prepared a clear budget reflecting realistic, well-planned components, including required matching funds. Budget narrative supports and further details items in budget table.

RELATED FUNDING OPPORTUNITIES & RESOURCES

VAAFM offers a range of [funding opportunities](#) for agriculture-related organizations, which can be found at agriculture.vermont.gov/grants. In addition, [business planning and assistance](#) resources available to the Vermont agricultural community can be found at agriculture.vermont.gov/businessdevelopment/planning

APPENDIX A: PROGRAM PROVISIONS

Working Lands Grant agreements are held between the State of Vermont and the business or, where applicable, the business entity. Should the business entity cease to exist, or if the business entity to which this grant is issued becomes inactive, the State may suspend or cancel this Grant immediately, and the State shall be under no obligation to pay or further pay grantee.

Ready to begin work: Grantee must be ready to begin project work immediately following execution of this grant agreement. If grantee anticipates a delay or experiences a delay of more than two months, grantee shall submit to the grant manager via email an explanation for the delay and note the extent to which the delay will/will not impact project completion. Similarly, grantees should submit their initial claim for funds reimbursement within two months of receipt of the grant agreement. An explanation must be sent to the grant administrator if no request for reimbursement is anticipated within the first two months of the grant.

Publicly known and open to inspection: Except for grantee proprietary and personal identifying data, as noted per 1 V.S.A. § 317(c), grantee names, projects, the amount of grant awards, and all other information regarding Working Lands grant projects are considered public information and are open to inspection. Grantee can also anticipate communication from other Working Lands partners and stakeholders regarding project successes and accomplishments.

Grantee Confidential and/or Proprietary Information: Grantee is responsible for noting all information, data, project results and narrative text which it considers confidential and/or proprietary in its reports and communications with the state. Grantee financials are automatically classified as confidential by the state.

Working Lands Enterprise Initiative, as a public instrumentality, is subject to the Vermont Public Records Law, 1 VSA § 315 - 320. The statute contains specific exemptions for tax-related information of persons, financial information of an individual or business, and trade secrets. This information will be held in confidential files by the Working Lands Enterprise Board and will not be available for public inspection under the Public Records Law.

The Working Lands Enterprise Board and the state of Vermont consider the following information about applicants to be subject to public record: contact information of applicants; names, description, and contact information of applying enterprise or organization; the purpose and amount of any Working Lands Enterprise Funds received; and grantee communications. Other information may be shared in aggregate form (without identifying individual business info).

Acknowledgement: All meetings and gatherings held as a result of this grant will recognize the Vermont Agency of Agriculture, Food and Markets and the Working Land Enterprise Board as a funder. Written and electronic materials produced shall include text acknowledging the same and shall also feature a Vermont Agency of Agriculture, Food and Markets graphic. Grantee may be required to reprint event flyers, posters, and/or brochures or repost meeting announcements if the State learns of grantee's failure to acknowledge the Working Lands Enterprise Board as a funder.

Tax Implications: We recommend that all entities consult with a tax accountant as needed regarding how to report grant awards for tax purposes, including advising on your tax return. State of Vermont staff and Working Lands partners are not authorized to advise or provide input on tax-related information, including the completion of federal forms.
